Preview 2012	<p>The 6th edition of interzum moscow / Interkomplekt will - again - be held concurrently to the most important spring furniture fair EuroExpoMebel (EEM) in Russia. This "duo" (furniture exhibition & furniture manufacturing exhibition) provides high synergies for exhibitors and visitors alike.</p> <p>Next to individual exhibitor participations from different countries, the successful concept of national pavilions will be implemented in 2012 again. Country groups from Germany (supported by German Government), Italy as well as Turkey already announced to be part of interzum moscow 2012 again.</p>
